

## Home Ties

The home is the one natural tie—the tie that binds all mankind to a common cause. It is the greatest and most important institution in American life. Without it, the noblest inspiration, the most marvelous human achievement, the grandest dream of the future, would fail in their purpose. Every great invention, every step in the uplifting of mankind is ultimately of benefit to the home. Therefore, when you lay a rug, hang a picture, place a rocker, or plan new comforts for the home, you are rendering a lasting service to every member of your household, and you are making more sacred, the most sacred spot on earth. And we can help you. We have an almost endless variety of furniture and furnishings for the home that are certain to meet your needs, as well as your inclination regarding price. We have helpful suggestions to offer and an inviting stock to show. We'd be mighty glad to have you "nose around" the store and see what you can see—it will prove to your benefit and satisfaction. As to payments—let us do the worrying about that. We're waiting for you now.

THE UNIVERSAL CAR  
TEN LITTLE FORDS

Five little Fords, "pippins to the core."  
An apple grower wandered by—then there were but four.  
Four little Fords, good waiters you'll agree,  
A quick-lunch owner sauntered by, then there were but three.

Every live merchant wants to cut his hauling bill in half if he can; a light delivery car at \$475.00 is the greatest economizer of time and money that we can recommend.

Ladies, call and see my display of Sanitary Cross guaranteed Switches. The changes in hat models demand changes in hair dressing. We can match your hair perfectly. Prices from \$1.00 up. Mrs. H. S. Miles, 70 North Main street, Barre, local agent.

Mrs. Geoffrey Rollinson, who has been passing 10 days with her mother, Mrs. Ellen L. Stoughton of 21 French street, leaves the city this evening for Boston, where she is to make a short visit with her sister, Miss Laura E. Stoughton, before returning to her home in Palmerton, Pa.

Letters recently received here from Edward Samson and John Gauthier, Barre men, who have staked out claims on the lower Florida peninsula, indicate that prosperity seems to be smiling on the northerners who have purchased land in the vicinity of Vauchooles. In writing to a friend in this city Mr. Samson states that he has seven acres of land devoted to the cultivation of cucumbers, citron and watermelon. Settlers everywhere are reaping the fruits of a winter's toil, and despite the drought that settled down over Florida early in the year the prospects for bumper crops are considered uncommonly good. Messrs. Samson and Gauthier plan to remain in the South until warm weather has finally arrived in Vermont.

Sporting writers seem to agree that Connie Mack has made one of the finds of the year in Lawton Witt, the Goddard seminary boy, who joined the Mackmen in the South this month, after pursuing a post-graduate course on the hilltop through the winter. In a game between the Philadelphia regulars and the Brooklyn Nationals, his performance in the field and at the bat provoked the following comment from the Philadelphia North American: "The brilliant work of Witt was the feature of the game and it looks as if Mack has again unearthed another great natural player. This was Witt's first game as a regular, but he has played fine ball for the yanigans and seems to hit all pitchers alike."

C. F. Smith, auctioneer, was in Waterbury yesterday attending an auction sale of the personal property belonging to the estate of the late Dr. James. A nice day, a nice crowd and an exceptionally good sale. Fourteen cows, none of them fresh, most of them due from June 20 to Dec. 23 and five of them from eight to 11 years old, sold for from \$40 to \$85 per head and averaged \$62.40 per head, yearling heifers from \$26.50 to \$29; 10 tons of loose hay sold for \$18.75 per ton in the barn. People were a good deal surprised to see hay and stock both sell so high. Farm tools and household furniture brought good prices. C. C. Graves, the administrator, expressed himself as being much pleased with the outcome of the sale.

**Dog Licenses.** Remember Saturday, April 1, is the last day on which you can pay your dog license without paying the increased rate.

**Notice.** A regular meeting of the Central Labor union of Barre and vicinity will be held in carpenters' hall Friday evening, March 31, at 7:30 o'clock; important: S. L. Card, Sec.

## In Calling Your Attention to Our Early Assortment of Merchandise

we feel that this, in a way, is more to your advantage at this time than to ours. Later purchases won't be as satisfactory to you as these early purchases. Our stock to-day is the best that we have ever shown, and better than it will be later. This applies to our Garment Department perhaps more fully than any other part of our store.

### Ladies' Suits and Coats

This weather brings to every lady's mind the thought of her spring wardrobe and the things she will need for early summer wear. We have had this in mind for many weeks and have been putting all of our energy into getting together the best values possible, in the style and materials that would be the best.

The result of our efforts can be seen in the different departments now, and we will be more than pleased to show you the different models in Suits, Coats, Skirts and Dresses.

The Suits are in the new flare coats, with a full skirt. Many of the coats have the loose-fitting belts, with a flare that gives them grace in figure and a pleasing style effect. Every express now brings new models into the department. See the extra large display of individual models we are now showing.

In Coats, we have the largest display we have ever been able to show so early in the season.

### Lady Ruth Lace Front Corsets

The demand for Lace Front Corsets is fast on the increase. Every manufacturer has his numbers. But very few of them are built on right lines.

Lace Front Corsets built on old Corset lines are a failure. Only exclusive Lace Front Corset manufacturers have the right idea.

We believe that LADY RUTH Lace Front Corsets will fit more ladies than any other Corset of its kind, and at the same time save them Corset money and Corset trouble.

The New LADY RUTH Lace Front at \$1.25 is a wonder. Made of heavy Couture; heavy supporters; 2-inch elastic strap on back to help shape the Corset when in use. This will be a wonder seller.

The New LADY RUTH at \$2.00 is the only full ventilated back Lace Front Corset at that price that you will find. Has 3-inch elastic on back to shape Corset in use. Equal to any \$3.00 Corset on the market.

The New LADY RUTH Lace Front Corset has six heavy hose supporters, double ventilated back, satin top with fine lace edge; Corset made of fine French Couture.

LADY RUTH Lace Front Corsets should have the largest sale of any Corset in Barre this season.

Everything so very pretty. This is sure to be a very large Millinery season. Styles are very becoming; prices for the quality were never more favorable to early buying. Everything seems to be ready early, so that there won't be any waiting for something better. Just now seems to be about the right time to select, if you are to get the best that you will see this season.
